(3) This is mainly a question of funds. Some or later we should have to revise the scale of pay sanctioned to the Subordinate med. Staff. Now that the Madras Govt. have adopted a scale of pay uniform with the other Residencies in India, the question of recruitment to the Subordinate med. services in the state is bound to be attended with difficulties unless we are able to offer equally good prospects here. Our policy has all along been to adopt the Madras procedure, and we may do so in this case also if funds permit.
